**1. Math on the Mic, by Travis Brown a 5<sup>th</sup> grade elementary school teacher**  
[www.mathonthemic.com](http://www.mathonthemic.com)

**2. What In a Doctors Bag, By Dr. Neil Shulman**

Performances by Dr. Neil Shulman: presenting youth with tools and knowledge of what in a doctor's bag. Children understand these tools and are not afraid of going to the doctor office because they understand the tools used. Visit:

[www.whatsinadocotrsbag.com](http://www.whatsinadocotrsbag.com)

**3. RESPECT**

Personnel transformation of yourself while developing your skills to the fullest and understanding your commitment to your self first and then to others as you grow your foundation. Workshops etc...

**4. Youth Business Financial Literacy 101**

Students learn about the world of high level corporate finance through our Merger and Acquisition Simulation camps. This is a year-round leadership program with a summer intensive. Students are advised by attorneys, accountants, investment bankers and many other executives (**more**)..... to understand the mechanics of these business transactions and the mechanics of how to successfully run a business. The program gives students a theoretical view of business through our training and workshops initiatives. Students then have the opportunity to apply the knowledge by actually participating in the management of small business operations. **Workshops etc...**

## 5. Plan for your future 101

No matter what business you plan to start in your next entrepreneurial endeavor will need to be about writing a business plan and developing your skills for that business. Even if you are not seeking funding for your **(more)**..... new business or already have secured funds from family members, angel investor types, personal savings or partners you need to educate yourself on the skills of finance. A business plan helps you start out on the right foot and makes you think about your future strategies. One important thing you need in a business plan is a table of contents that you can use as a guide, as you go thru the hectic and tedious steps to start your new business. **Workshops etc...**

## 6. Community Gardens Development

A community garden is a collaborative greenspace in which the participants share in both the maintenance and the rewards to feed the community and work with Community Farmers Markets for profit. There is a long tradition of community gardening **(more)**..... in various parts of the United States and around the world and we want youth across the county to take advance of this like Louisville, Mississippi own Winston County Youth Self Help Cooperative. Photos are on the website of this group. **Workshops etc.....**include:

### Why Get Involved with Community Gardening?

Reasons abound for involvement in community gardening, including the chance to:

- Increase self-esteem, bolster confidence and encourage learning in children
- Create beauty
- Provide positive work experiences for at-risk youth
- Grow fresh produce
- Improve nutrition and fitness
- Share the joys and wonders of gardening
- Promote healthier communities
- Be neighborly
- Reduce stress
- Reduce crime
- Have fun

## 7. Community Outreach

Positive youth advocacy and family community activities. In collaboration with strong networking of community partners, program offers individual support, classes and workshops in employment, education, and financial literacy as well as families achieve of their dreams economically, **(more)** ..... emotionally, and physically stronger. Solid communications in the community with K-5 development while transforming these youth into young adult. The process is on going through **Murray's Mentors**.

## 8. Healthy Living

Training DVD workshop: Classes are given 30 times a year. However, you can request additional training should you want. **Workshop etc.....**

## 9. Eat Good, Live Good

YDACBINC partnership with USDA, Food Safety and Inspection Service with our Four Easy Lessons in Safe food Handling; Clean, Wash, Run, and Keep. Each year YDACBINC has 15 or more programs, **(more).....**workshop, conferences, and Summits illustrates FSIS outreach programs with FSIS: **Agency Outreach Small Farms Coordinator, Sibyl Wright [Sibyl.Wright@fsis.usda.gov](mailto:Sibyl.Wright@fsis.usda.gov)**

## 10. Murray's Mentor:

Please join Murray's Mentors by email so that we can compile the data base for this National campaign. **Cobby M. Williams is the National Mentor Coordinator:**  
[cobby.williams@dc.gov](mailto:cobby.williams@dc.gov)

## 11. Ready for College and the world

Getting a college education is an investment that will pay back for a lifetime, however understanding how the world and the street are run is equally needed. The college education helps your job opportunities, **(more).....** earn more money, and develop skills and knowledge that can never be taken away along with the understanding of community and social opportunities. However, many families don't realize that preparing for college doesn't begin during a student's junior or senior year of high school it begins even before student first sets of learning in pre-elementary school, and it continues through middle school and high school. Getting ready is how **YDACBINC** prepares youth with **college ready initiatives, programs, book scholarships, and college tours to pre-planned for their future. Please review our college program schedule biweekly.**

12. **Zoe Camp:** Brandywine, Maryland. Every summer YDACBINC partners with Zoe Foundation to help inner city youth to become expose to summer camps programs and educational development. **Karon Etienne, Camp and Foundation Executive Director:**  
[karon@zoegroupfoundation.org](mailto:karon@zoegroupfoundation.org)

13. **YDACBINC Book Scholarship,** giving every year to 6 plus students across the country.

14. **Emory University Meeting:** road to our youth success with bi-weekly programs for youth K-12, starting with K-6. Please visit our website for schedule times and dates.
